IMPORTANCE TO HAVE A LOGFRAME

LOGICAL FRAMEWORK

Overall objectives	<i>What are the overall broader objectives to which the action will contribute?</i>	<i>What are the key indicators related to the overall objectives?</i>	<i>What are the sources of information for these indicators?</i>	
Specific objective	<i>What specific objective is the action intended to achieve to contribute to the overall objectives?</i>	<i>Which indicators clearly show that the objective of the action has been achieved?</i>	<i>What are the sources of information that exist or can be collected? What are the methods required to get this information?</i>	<i>Which factors and conditions outside the Beneficiary's responsibility are necessary to achieve that objective? (external conditions) Which risks should be taken into consideration?</i>

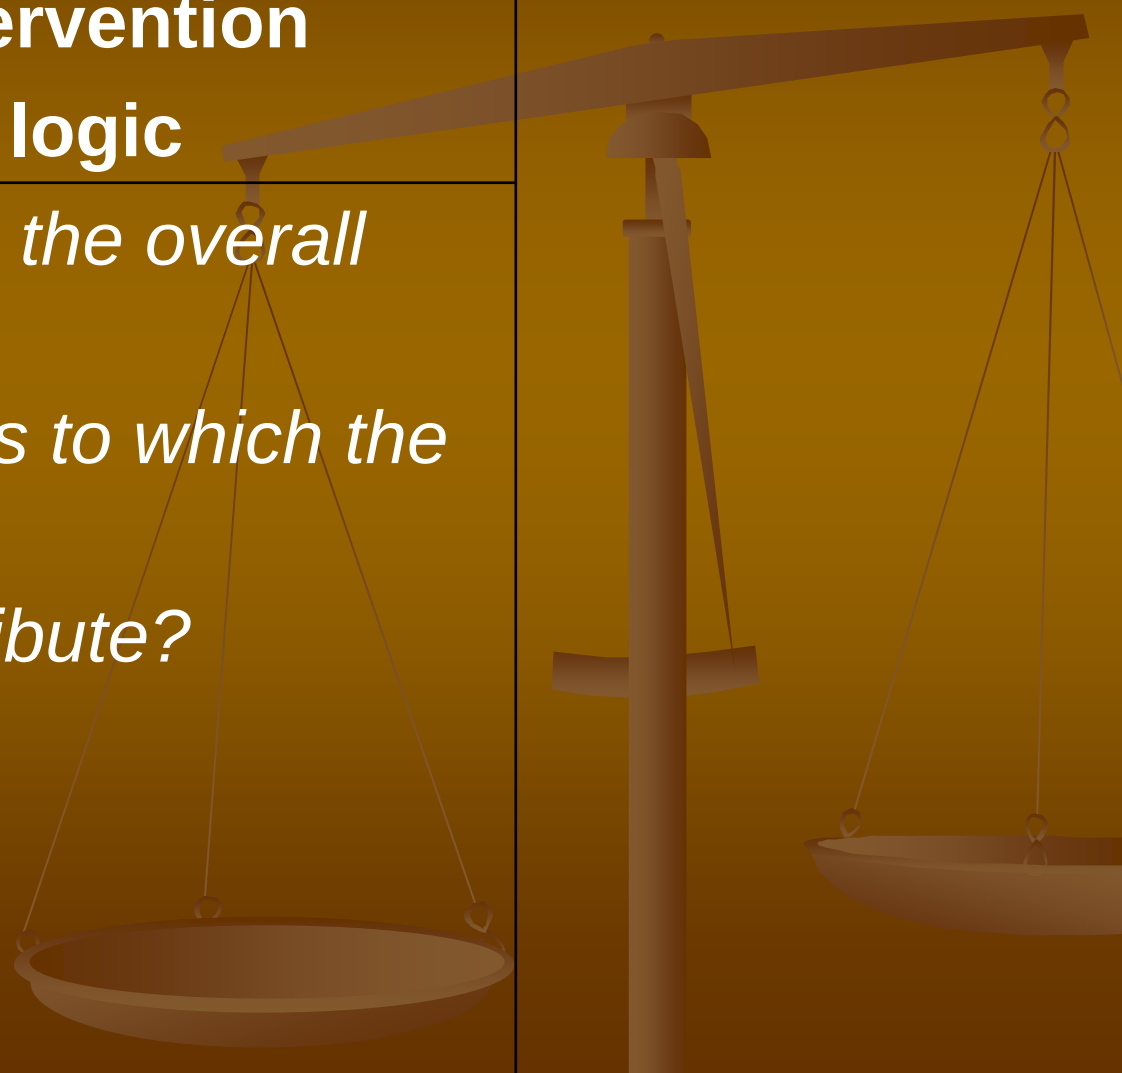

IMPORTANCE TO HAVE A LOGFRAME

	Intervention logic
Overall objectives	<i>What are the overall broader objectives to which the action will contribute?</i>

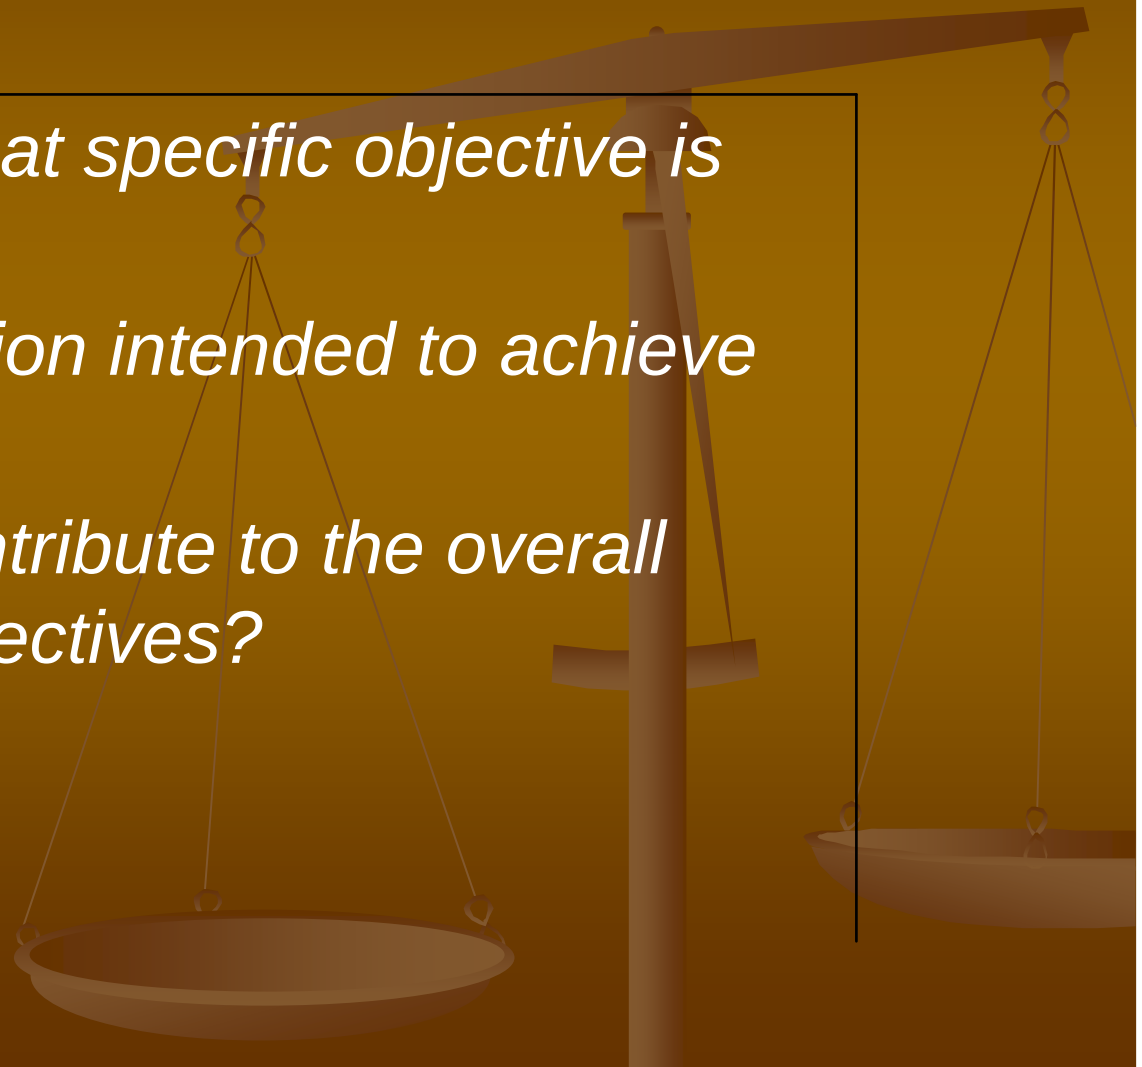

IMPORTANCE TO HAVE A LOGFRAME

■

**Specific
objective**

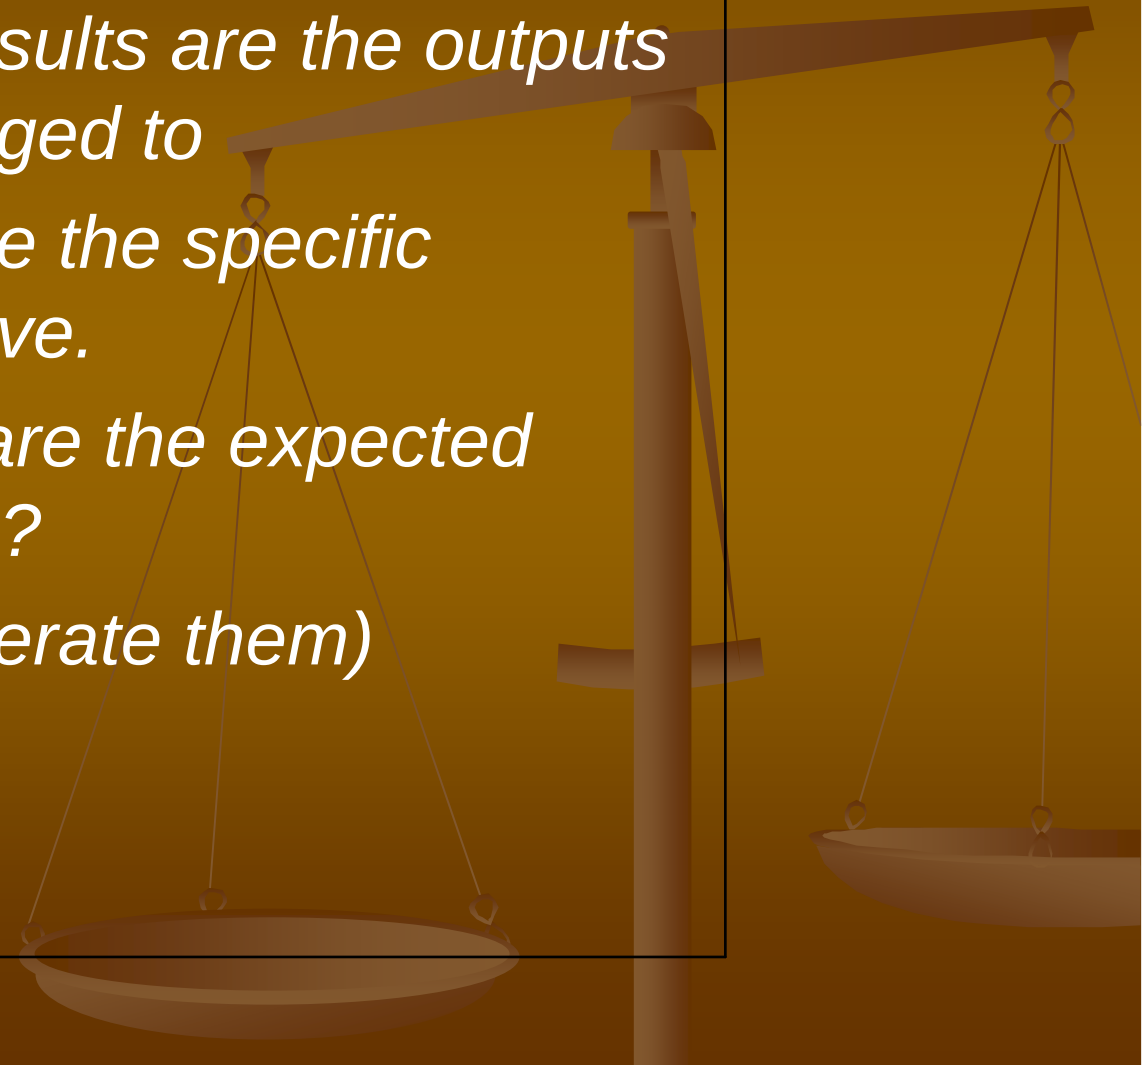

What specific objective is the action intended to achieve to contribute to the overall objectives?

IMPORTANCE TO HAVE A LOGFRAME

■

Expected results	<i>The results are the outputs envisaged to achieve the specific objective. What are the expected results? (enumerate them)</i>

IMPORTANCE TO HAVE A LOGFRAME

■

Activities

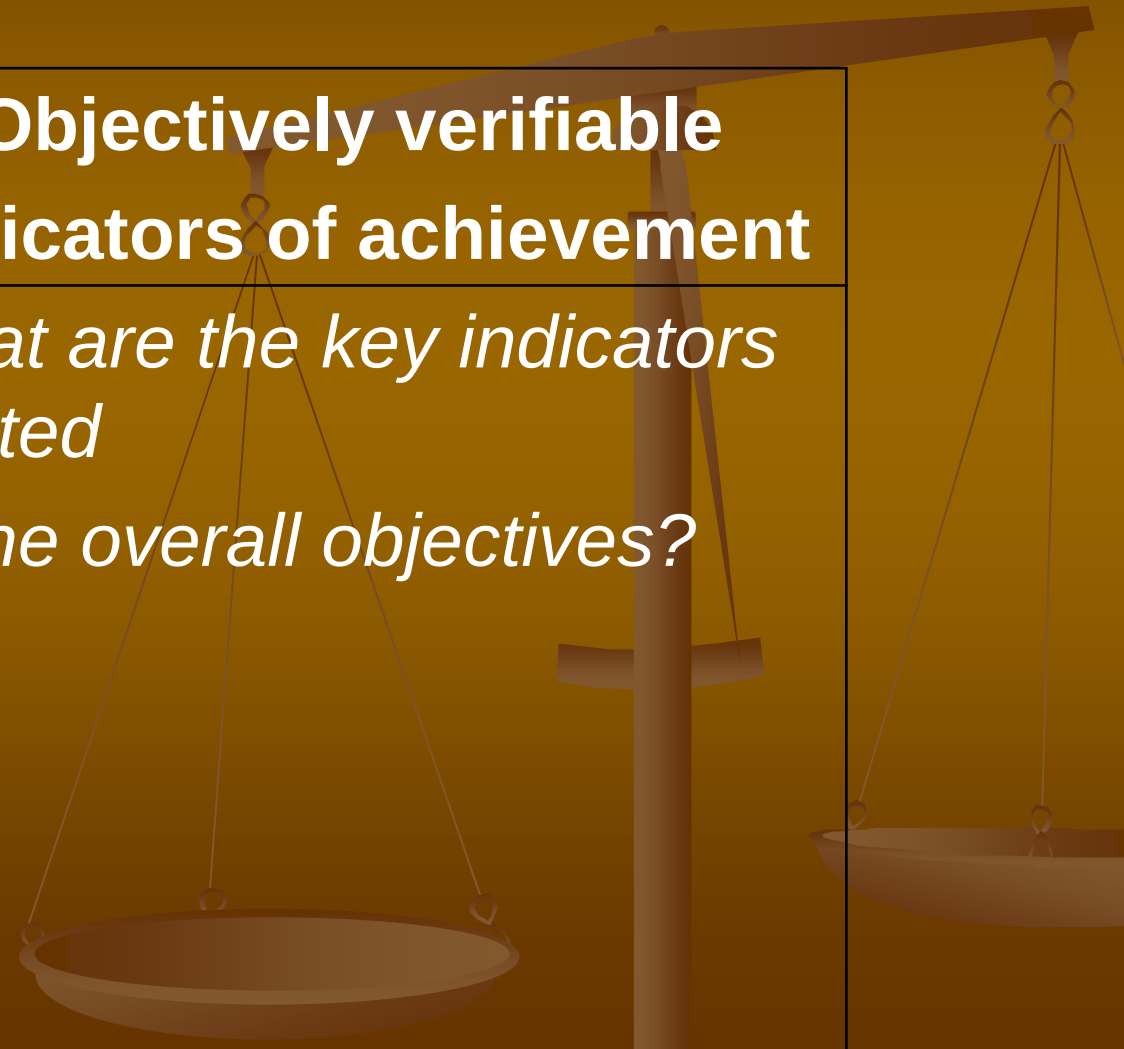

What are the key activities to be carried out and in what sequence in order to produce the expected results?

(group the activities by result)

IMPORTANCE TO HAVE A LOGFRAME

■

	Objectively verifiable indicators of achievement
Overall objectives	<i>What are the key indicators related to the overall objectives?</i>

IMPORTANCE TO HAVE A LOGFRAME

■

**Specific
objective**

*Which indicators clearly
show
that the objective of the
action has been
achieved?*

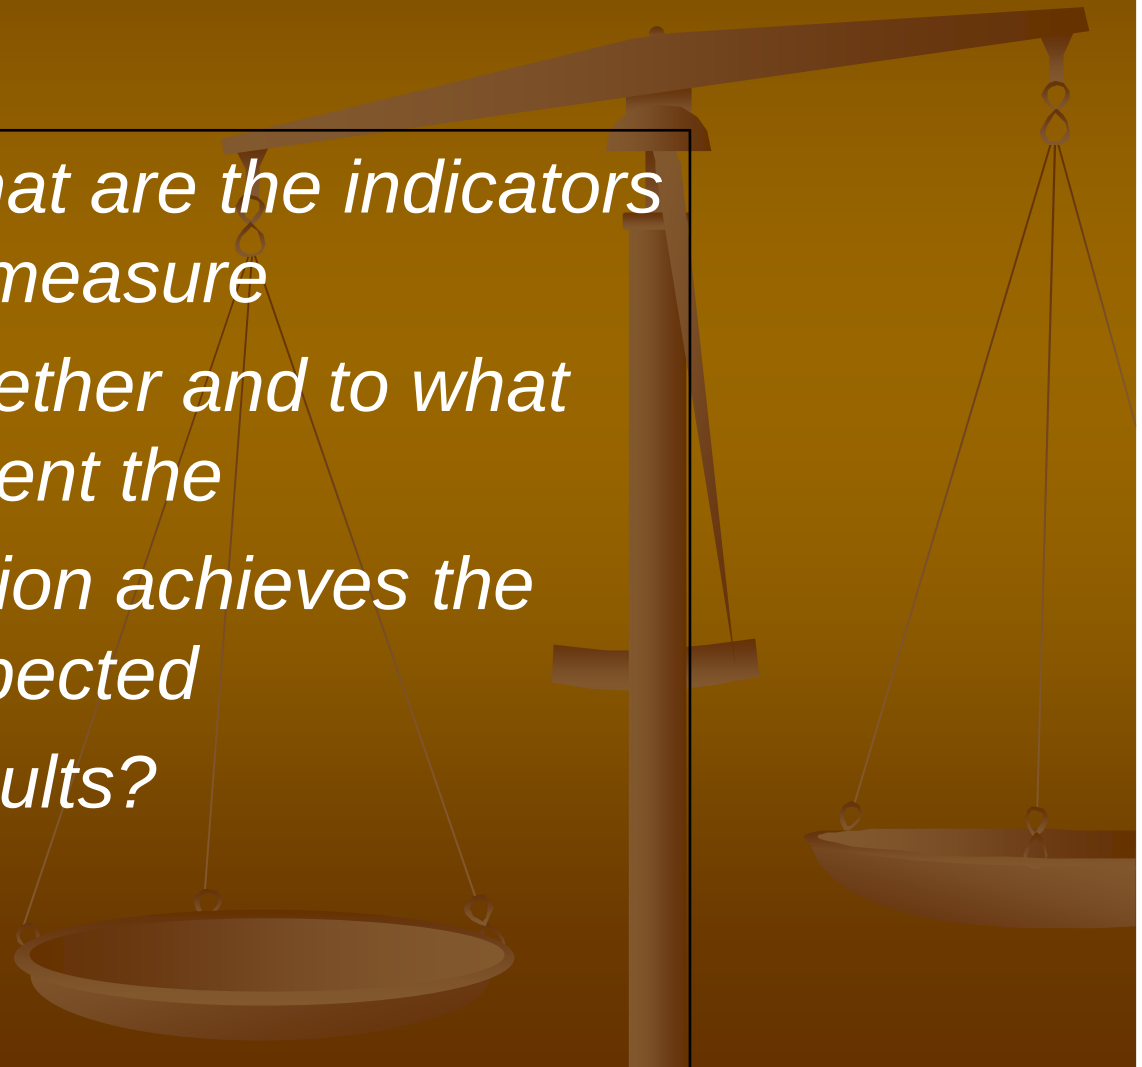

IMPORTANCE TO HAVE A LOGFRAME

■

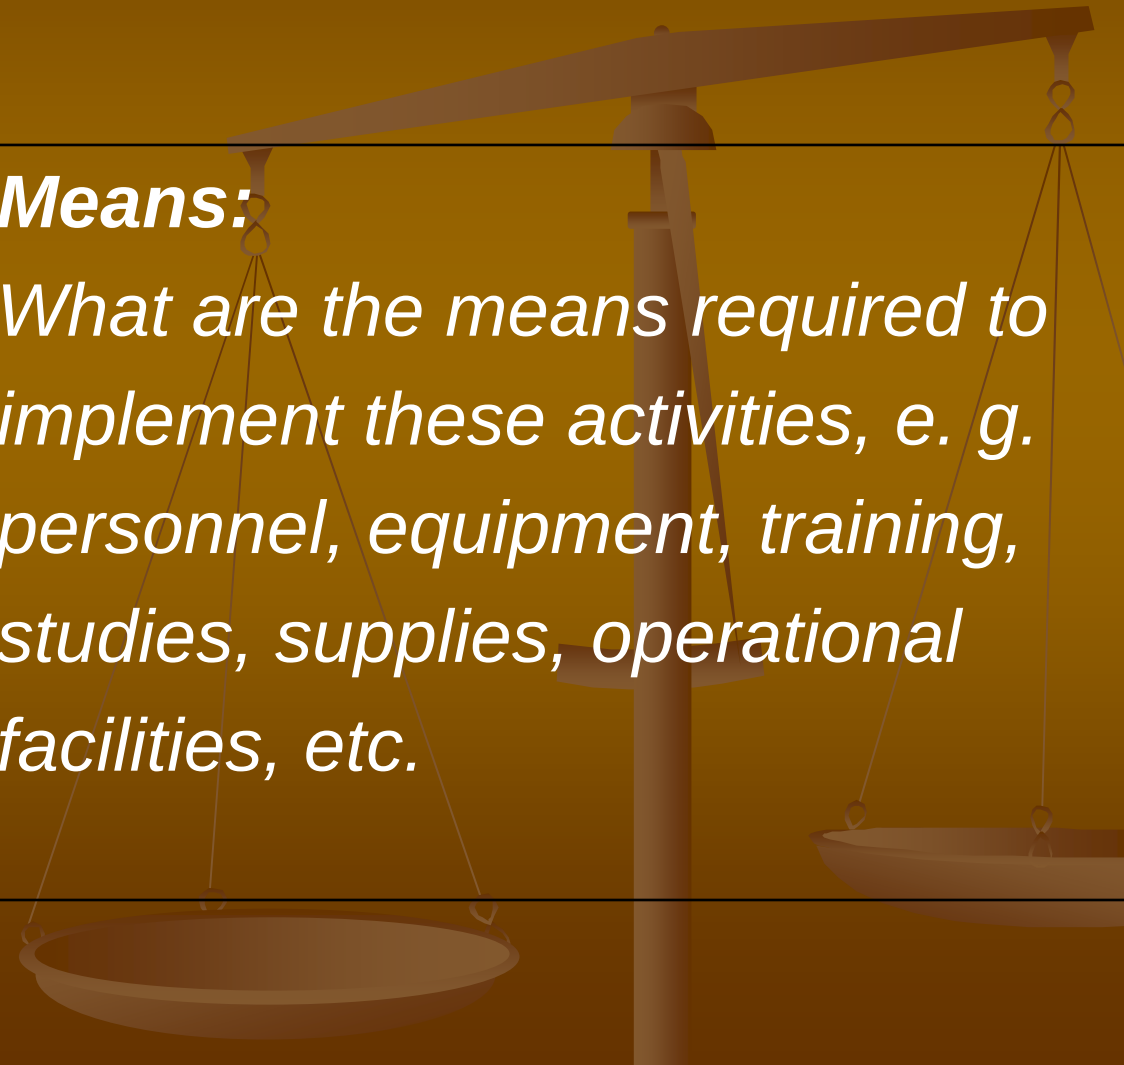

**Expected
results**

*What are the indicators
to measure
whether and to what
extent the
action achieves the
expected
results?*

IMPORTANCE TO HAVE A LOGFRAME

■

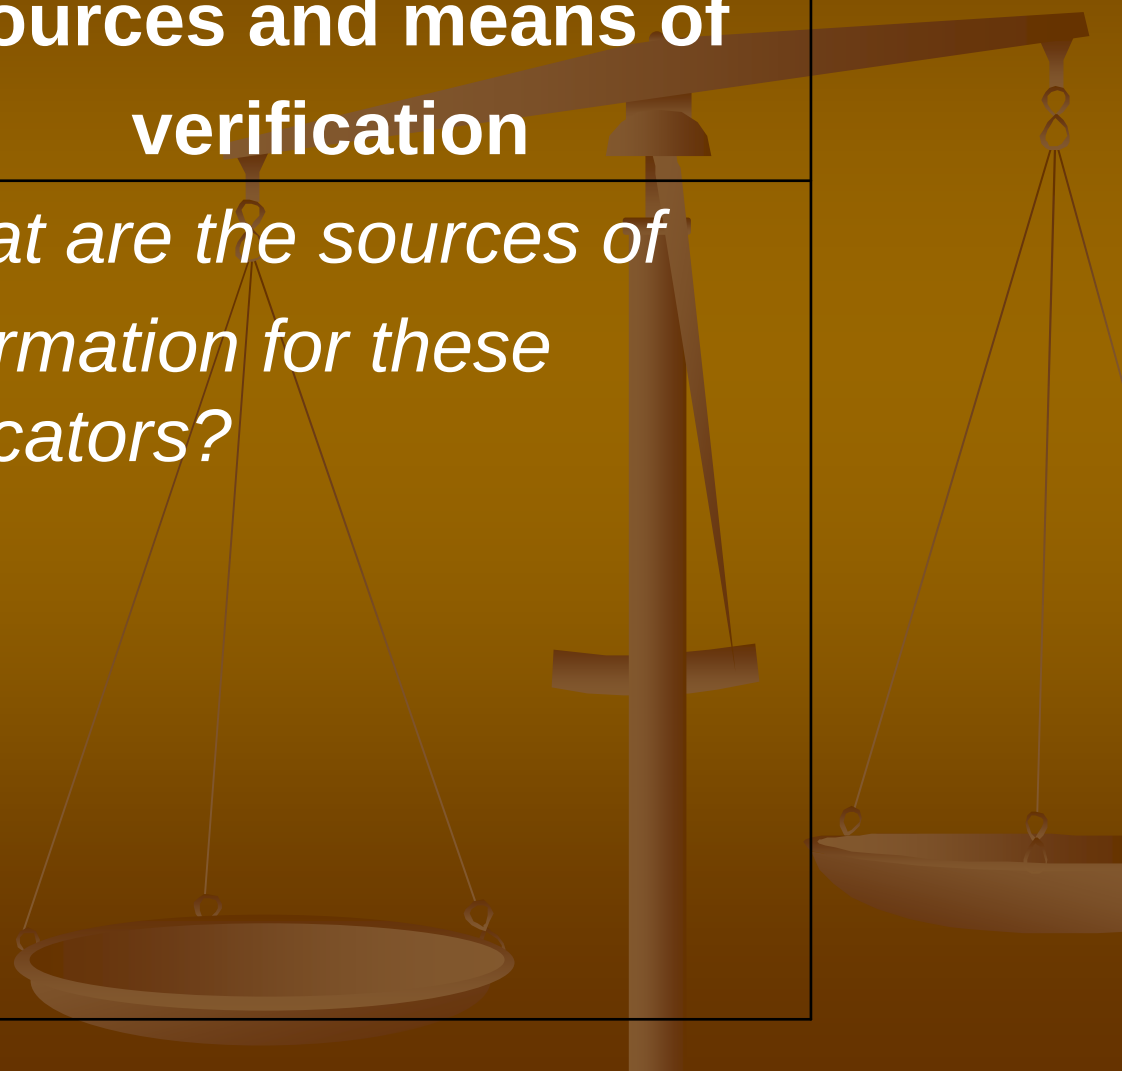

Activities	Means: <i>What are the means required to implement these activities, e. g. personnel, equipment, training, studies, supplies, operational facilities, etc.</i>

	Sources and means of verification
Overall objectives	<i>What are the sources of information for these indicators?</i>

■

**Specific
objective**

What are the sources of information that exist or can be collected? What are the methods required to get this information?

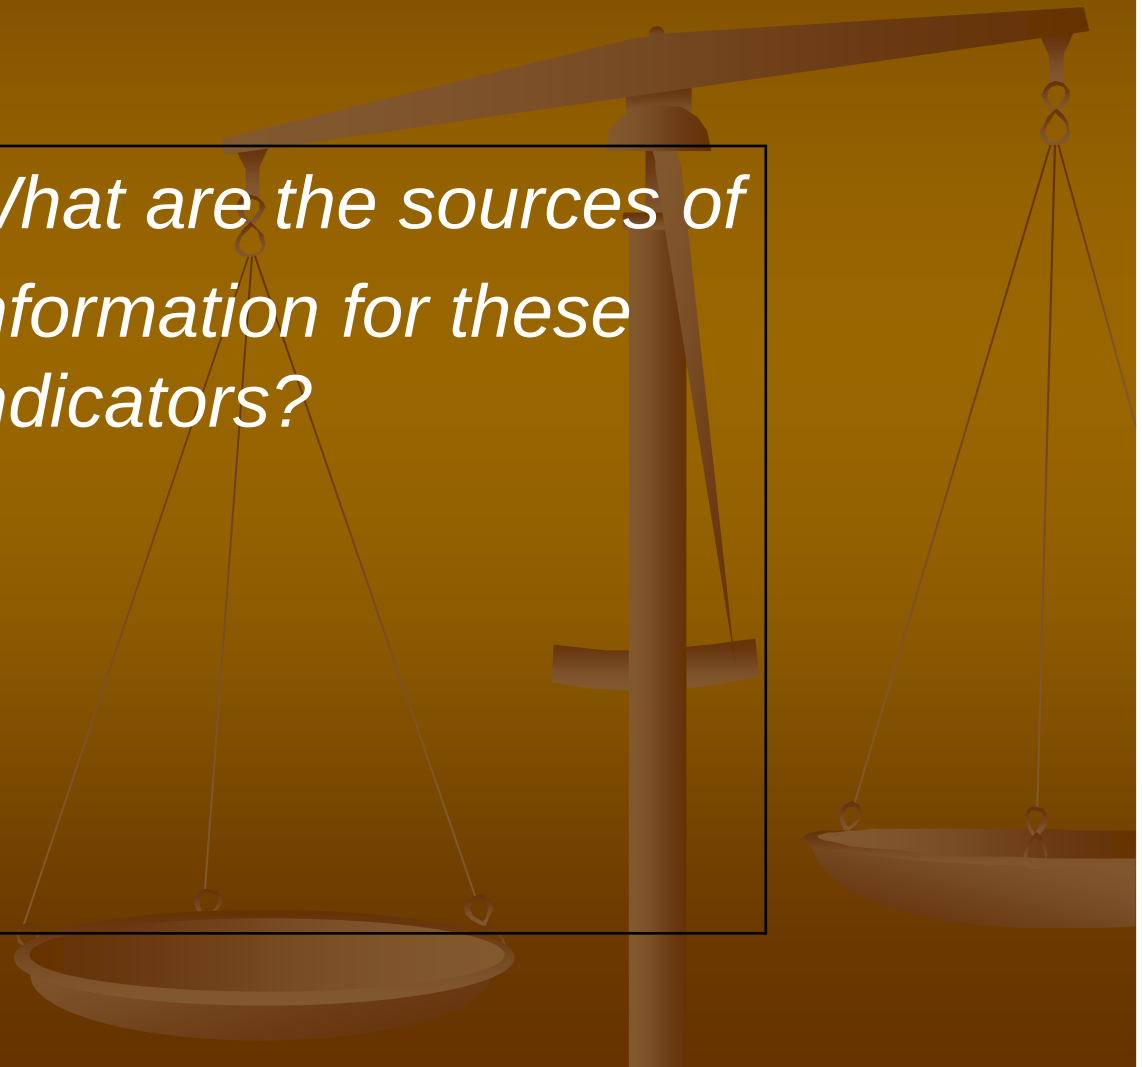

IMPORTANCE TO HAVE A LOGFRAME

■

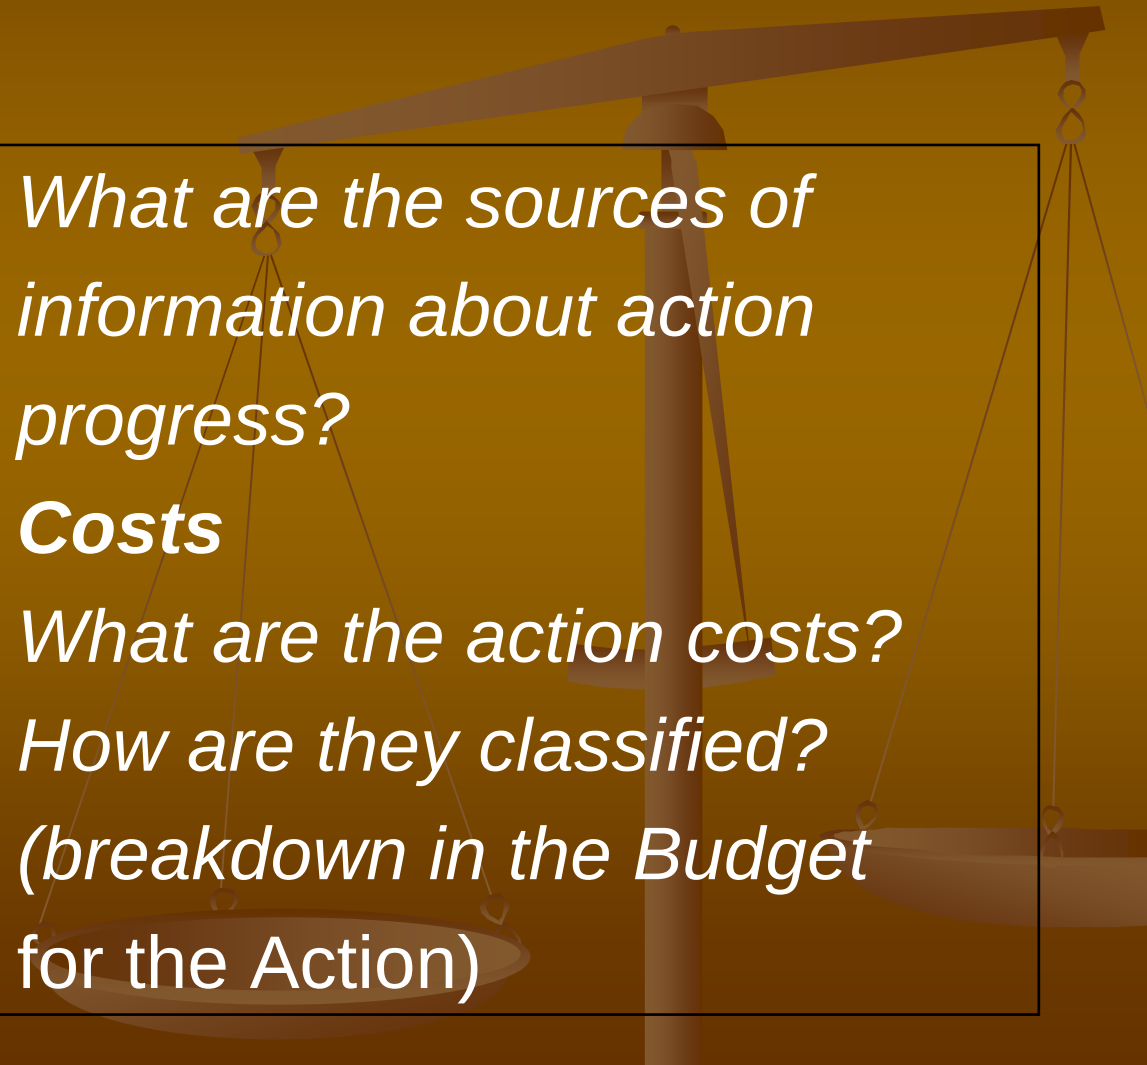

**Expected
results**

*What are the sources of
information for these
indicators?*

IMPORTANCE TO HAVE A LOGFRAME

outside
the Beneficiary's responsibility
are necessary to achieve that
objective? (external conditions)
Which risks should be taken
into consideration?*

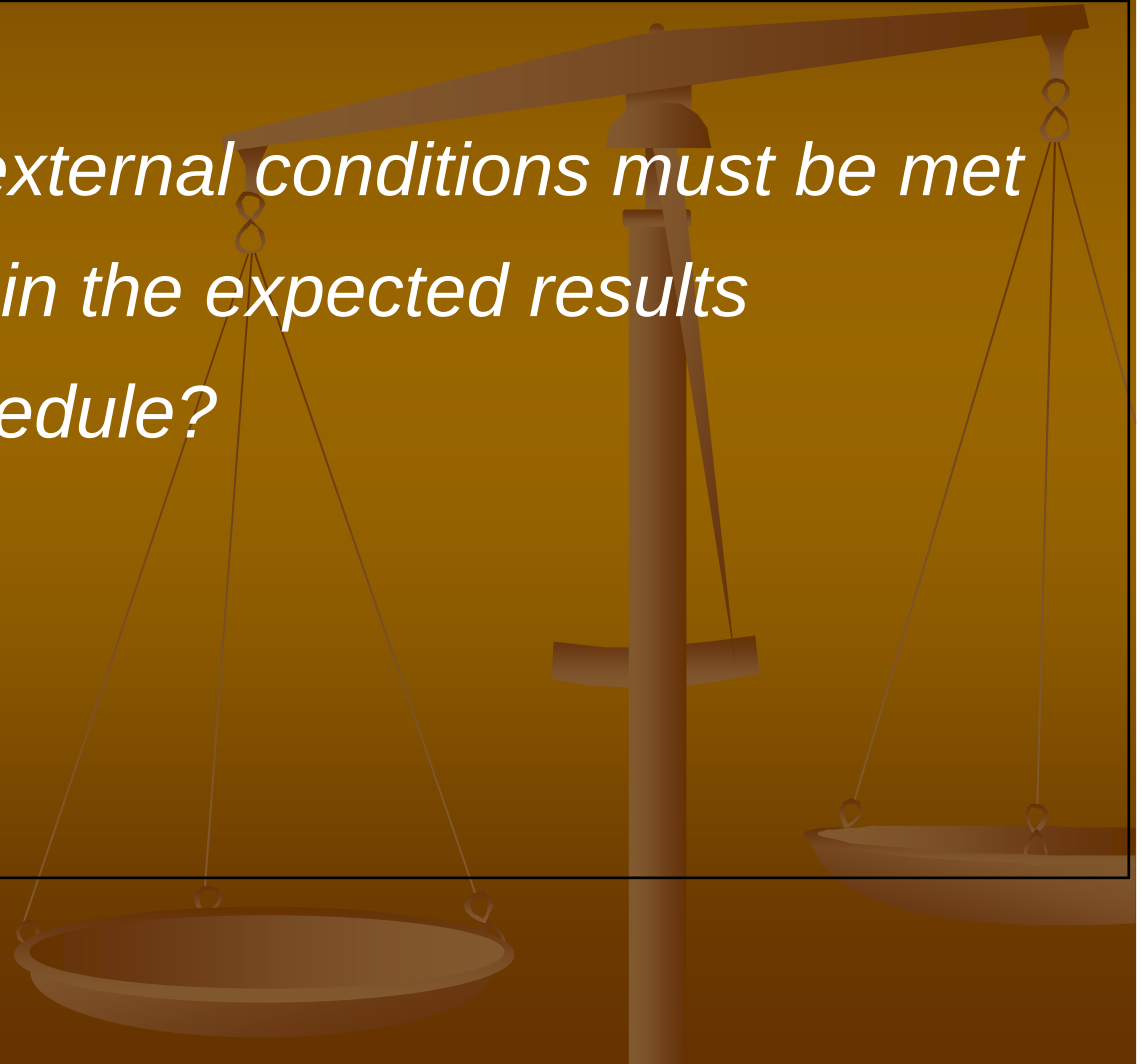

IMPORTANCE TO HAVE A LOGFRAME

■

**Expected
results**

*What external conditions must be met
to obtain the expected results
on schedule?*

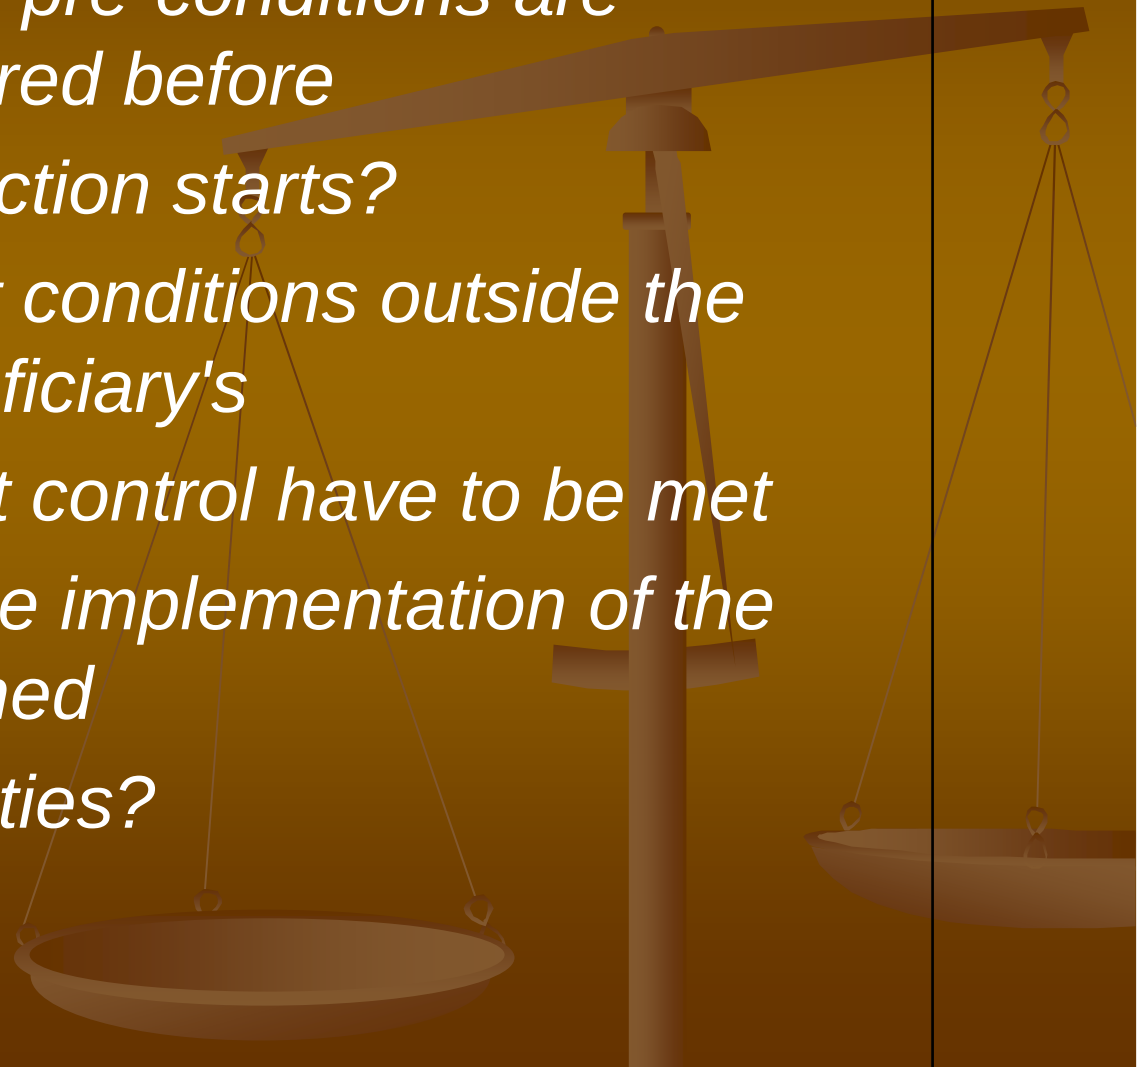

IMPORTANCE TO HAVE A LOGFRAME

Activities

What pre-conditions are required before the action starts?

What conditions outside the Beneficiary's direct control have to be met for the implementation of the planned activities?
